Upgrading from Unity 5.1 to 5.2 I am getting error in Unity when we update. We have upgraded from Unity 5.1 to 5.2. I attached the log files below. Any help? I have a problem with the following error in unity 5.2.1: OpenGL error # 1087, API switched to GL I have tried everything suggested in the many forums yet nothing seems to have resolved the error. I have read through the forums and tried installing all the required graphics drivers java-gaming.org is not responsible for the content posted by its members, including references to external websites, and other references that may or may not have a relation with our primarily gaming and game production oriented community. inquiries and complaints can be sent via email to the info-account of the company managing the website of java-gaming.orgFirst, please forgive me for being so negative. I appreciate a good rant, and I have shared in the past, but never at this level. I just had to comment here because even though most of my friends are supportive, I have been the subject of online abuse for almost a year. I am a female graduate student, twenty-six years old, from the southeast, with a Master's degree in education. I enjoy reading, math, and all things historical. I have a home in the suburbs and a rented apartment with roommates in the city. This is my second semester working full-time as an adjunct professor for a private university in Memphis, TN. I make around \$5000 a semester, living entirely off of my studies and teaching. If all goes well, I will be a full professor next spring. I love my job, and I love my students and the University. However, things have been going downhill fast. Last summer, I attended a conference sponsored by the Southern Region of the American Association of Higher Education. I had wanted to be a speaker there for a long time, and after I had finally settled upon what I wanted to say, I submitted an abstract to the conference's program committee. I got told by a member of the committee that the title of my abstract was not professional. I quickly responded that I thought it was a perfectly fine title, but he thought otherwise. I was told that he had already submitted my abstract to the AAE's executive committee, and that they would decide if they wanted to use it. Meanwhile, a male friend bff6bb2d33
