The critically acclaimed NieR:Automata, directed by YOKO TARO and developed by PlatinumGames Inc. in partnership with SQUARE ENIX, delivers a masterful mix of action and RPG gameplay through a gripping, thought-provoking storyline. Players battle as androids 2B, 9S and A2 in order to reclaim the world from the machine lifeforms and uncover long-forgotten truths about humanity. NieR:Automata The End of YoRHa Edition features the award-winning base game and the 3C3C1D119440927 DLC, which includes three challenging colosseums and additional costumes. Players can also download the free 6C2P4A118680823 DLC when the game arrives to the Nintendo Switch. This Nintendo Switch exclusive DLC features six new costumes and four new accessories that can change appearances of your playable characters. It also includes two pod skins based on characters from the popular mobile title NieR Re[in]carnation. NieR:Automata tells the story of androids 2B, 9S and A2 and their battle to reclaim the machine-driven dystopia overrun by powerful machines. Humanity has been driven from the Earth by mechanical beings from another world. In a final effort to take back the planet, the human resistance sends a force of android soldiers to destroy the invaders. Now, a war between machines and androids rages on. A war that could soon unveil a long-forgotten truth of the world. NieR:Automata has a beauty of the video game. A beautiful environment and characters. The game looks really beautiful for the graphics. The graphics are not the best quality but are at a decent level. I also like the gameplay of the game. The game gets a great storyline for the story. The story is well conveyed through the very good characters and dialogue. The plot is awesome and the world is very vivid. The game action and story is also awesome. The game had good action and moves

fast in gameplay and the plot keeps you with the storyline and interesting. The enemies are also easy to defeat. Another good thing of the game is the good characters and unique robot characters. This is my favorite part of the game because it felt like I was seeing a robot model for the first time. NieR:Automata has a unique gameplay and environments. The game gets excellent music to compliment the game for the aesthetics. The music is also well done for the story. It has awesome music and syncs very well with the plot and story. The audio effects are also well done for the graphics. It is better that way because you do not hear any irrelevant noises in the game. Overall this is a very nice game and for what it delivers. You will also have lots of fun playing this game. If you like the game then I think that you will like the game. Go play this game. I am sure that you will enjoy this game.
