EasyHTTP Crack+ [Win/Mac] [Latest 2022]

A Microsoft Windows ActiveX control that acts as a transparent proxy to facilitate communication between the Internet and remote clients. Works with Windows 2000, Windows XP, and Windows Server 2003.

Works with Internet Explorer 5 and later versions, Netscape Communicator 6 and later versions, Mozilla Firefox 2 and later versions, and Opera 9.11 and later versions. Note that the ActiveX control does not support ActiveSync, SSL, or

IMAP. Redistribution and/or derivative works of the original source code are permitted only under the terms of the GPL version 2 (see LICENSE.txt). Note: The GNU General Public License ver 2 or later is NOT compatible with Windows CE, and

therefore, this project has been modified to use the license for Windows CE compatible libraries and executables. The original source code may be freely used as a base. Licenses:
